

Hi Brother:

Just getting ready to get off the new prayer letter, but, I did not go into that we are on the way to Henry Ford Hospital in Detroit to see a trauma surgeon to have the leg removed. VA has just set up the appointment. I am waiting for the exact date, but the Dr. knows the purpose of the visit is have the leg removed. I am still taking the Chemo to try and see if it will help but the Dr. has said I am to remain on the daily pill forever to keep things where they are. Thank-you for the letter, I am still having issues from the copper poisoning and my short term memory. I thought I sent the prayer letter off last month when my wife reminded me I still had to fix a couple things before I can get the letter off. Whenever I know anything new I'll let you all know as well as the church. Thank-you for the understanding and prayers.
Take care and God bless.
